We are here to help Clay City, the Surrounding Country and Ourselves.

J. E. Burgher, Publisher.

VOL. 9.

CLAY CITY, KY., THURSDAY, OCTOBER 20, 1904.

NO. 42.

The foundation for the new flour mill is completed and work on the main building is now under headway. The style of the new firm is the Clay City Roller Mills Company and is composed of Jas. F. McKinney, of Spout Spring, W. R. Cassidy and J. Burgher, of this city. Each member has a one-third interest and has put up the necessary capital to run the business in a business like way. Modesty prevents our paying any special respects to any members of the firm, since besides the editor being one of them, the other two gentlemen are closely related to us as most our readers know. We can only say we have faith to believe by pushing the business we can make a success of it, and we don't intend to neglect our duty in running the mill.

We might also state that while we are connected with the mill, we will remain with the TIMES and push its interests with the same zeal and earnest endeavor we have been working it for the past nearly nine years.

The K. V. M. Association at Irvine.

The semi-annual meeting of the Ky. Valley Medical Association which took place here last Thursday and Friday could hardly be called a success in all its features. The misunderstanding on the part of the people here—which was due perhaps to the announcement in the Herald the week before that the meeting was to be strictly private and which was given to us by a local physician—was a disappointment to the visiting physicians and was responsible for the absence of our usual interest and hospitality. This was, however, their first meeting at Irvine and the citizens will understand next time the nature and importance of such a gathering and redeem themselves in the estimation of their neighbors.

An entertainment was given at the court house on Thursday night and, although it was greatly enjoyed, the program was without any assistance from our people.

A sketch on the origination and object of the Association by Dr. C. D. Mansfield, of Rosslyn.—Still County Herald.

Will Sure be Built.

Every day some one asks us if the bridge is going to be put

across the river at Waltersville. Yes it is we can now answer. The contract says the bridge must be completed by December 1st, 1904. This contract is with a reliable and responsible firm, so you can just depend upon it being done by then. The contract has been let for the lumber to go in the bridge and the steel to go into same is being finished in the shop. When the carpenters come here to work, they will have nothing to do but sink the tubes and put the bridge together.

Alfred Holman Dead.

Alfred Holman, a well known citizen of upper Hardwick's Creek, died Monday night. Burial yesterday. At his death his son, Albert Holman, of Chillicothe, Mo., was telegraphed for and he is now with the bereaved family.

Miss Bertha Maple leaves this morning for Hazel Green to see her cousin, Robert Kash, who is said to be dying. A telephone conveyed this sad intelligence to Miss Maple. A brother of the dying man is also hopelessly ill.

Can You Eat.

J. B. Taylor, a prominent merchant of Chriesman, Tex., says: "I could not eat because of a weak stomach. I lost all strength and ran down in weight. All that money could do was done, but all hope of recovery was lost. Hearing of some wonderful cures effected by use of Kodol Dyspepsia Cure, I concluded to try it. The first bottle benefitted me, and after taking four bottles, I am fully restored to my usual strength, weight and health." Kodol Dyspepsia Cure digests what you eat and cures. Sold by M. Rose.

Father and Son Died in a Well.

Near Cobb Hill, in Lee county, last Tuesday, Thomas Howell, a prominent farmer and his seventeen-year-old son were suffocated in a twenty foot well. The father was at the bottom of the well removing dirt and was suddenly overcome by foul air or gas. The son who was windlassing up the dirt saw his motions for help and sent the tub down, but the father was too far gone to assist himself. The boy then went down and was also overcome by the gas and both expired before help could arrive.

Mr. Howell was a highly respected citizen and his many friends will deeply regret the untimely death of him and his son.

Kentucky stands far up in the lead in the list of awards made to the exhibitors of the Louisiana purchase Exposition, having a total of 186, divided as follows: Six grand prizes, thirty-five gold medals, fifty-three silver medals, seventy-two bronze medals. This record, too, is made in the face of the fact that their were only three Kentuckians on the juries of awards.

One of Many.

H. A. Tisdale, of Summerton, S. C., suffered for twenty years with the Piles. Specialists were employed and many remedies used but relief and permanent good was found only in the use of DeWitt's Witch Hazel Salve. This is only one of the many, many cures that have been effected by this wonderful remedy. In buying Witch Hazel Salve it is only necessary to see that you get the genuine DeWitt's, made by E. C. DeWitt & Co. in Chicago, and a cure is certain. DeWitt's Witch Hazel Salve cures all kinds of piles, cuts, burns, eczema, tetter, ringworm, skin diseases, etc. Sold by M. Rose.

A number of stock dealers
were at Mt. Sterling court Mon-
day.

W. J. Christopher, Jr. was be-
on business the first of the
week.

Eld. B. S. Burgher, of Win-
chester, was here the latter part
of the week on a business mis-
sion.

Pastor J. O. Crawford filled
his stand at this place Sunday
and preached a very interesting
discourse.

A post humous child was born
to Mrs. Belle Burgher, Saturday,
Oct. 15. It is a girl and mother
and child are doing well.

Under the careful treatment
of Dr. Littlepage, Shelt McKin-
ney has about recovered from a
severe threatening attack of fe-
ver.

Mrs. Rachel Barnett, who has
been very sick for some months,
is now improving nicely under
the skilled attention of Dr. Will-
iams.

The mail now leaves this place
so as to meet the forenoon train
instead of the afternoon train as
formerly. The change is very
acceptable to our people and will
enable the mail carrier to make
the trip in day light.

Mr. D. McKinney, formerly of
this place, but now of Clark
county, was married in Winches-

on the train immediately after
the ceremony for a bridal tour.
They go to Louisville where the
groom will represent the Masonic
Lodge at this place and will pos-

fore they return home.

Talk of Contest.

There is much talk in the air
of contesting the primary elec-
tion for county officers in Powell,
on account of the shortage of bal-
lots. It seems to us, that while
it is bad to deprive Democrats of
a vote in the primary, another e-
lection is not apt to change the
results very much, and seems
hard on the candidates to wager
two campaigns and bear the ex-
pense of two primaries. In some in-
stances the result will probably
be changed, but it will be be-
cause there will not be so many
candidates or because the voters
will have a better idea of the
strongest candidate. Had there
been more ballots there possibly
might have been one or two dif-
ferent nominees, still it is a pity
to throw a lot of expense on oth-
er candidates who won by decid-
ed majority.

There is no doubt but what
there were plenty of ballots for
every Democrat in the county,
but it really is a question wheth-
er or not there were enough for
all the Democrats and half the
Republicans in the county.

Roosevelt's writings come in
for a great deal of interest these
days. His opinions of the vari-
ous Presidents who have preced-
ed him show what a consummate
egotist the man is. He denounc-
es Jefferson as the most "incap-
able executive" whoever filled
the President's chair Monroe
had no special "ability." Jack-
son was "ignorant." Tyler was
"a politician of monumental lit-
tleness." Pierce was "A small
politician of low capacity and
mean surroundings." In fact
there has been only one Presi-
dent since the Government was
organized, and modesty forbids
Theodore Roosevelt from whis-
pering his name.

Democratic voters are warned
not to neglect the Congressional
races. It is most important that
Kentucky should send a practi-
cally solid delegation to the Low-
er House. Upon the vote of this
State may depend control of that
body. The National Campaign
Committee is making an extra
effort to wipe out the small Re-
publican majority in Congress
and Kentucky is expected to do
her full duty.

Every effort made by the Re-
publicans to organize the Gold
Democrats in Kentucky against
Parker and Davis has failed.
With the exception of a handful
of office-holders and office-seek-
ers, not a dozen in all by actual
count, the gold men are back in
line. They are tired of Taylor-
ism and Rooseveltism.

William Jennings Bryan is doing

most valiant service for the Demo-
cratic ticket. He is urging all his
old followers to support Parker and
Davis his earnest work is producing
most excellent results in the pivotal
states. Bryan's loyalty is a rebuke
to those who have abused him as a
selfish liberal, tolerant and forgiv-
ing.

Dr. Miles' Nervine is medicine for your
nerves.

It cures diseases of the internal or-
gans, by giving tone to the nerves which
make these organs work.

It is a novel theory—not of anatomy,
but of treatment; first discovered by
Dr. Miles, and since made use of by
many wide-awake physicians, who ap-
preciate its value in treating the sick.
If you are sick, we offer you a way to
be made well—Dr. Miles' Nervine.

This medicine is a scientific cure for
nervous disorders, such as Neuralgia,
Headache, Loss of Memory, Sleepless-
ness, Spasms, Backache, St. Vitus'
Dance, Epilepsy or Fits, Nervous Pro-
stration, etc.

By toning up the nerves, Dr. Miles'
Restorative Nervine will also cure those
diseases of the internal organs due to
a disordered nervous system.

Some of these are: Indigestion, Bil-
ious Headache, Kidney Trouble, Chrono
Constipation, Dropsy, Catarrh, Rheuma-
tism, etc.

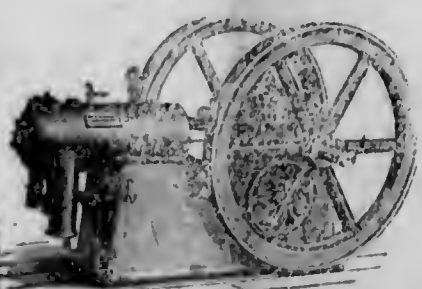

"My brother had nervous prostration,

Few people perhaps realize how great is the shrinkage of new corn. An exchange says that an ear of corn measuring 12 inches shrunk in a few days to 11 inches in length.

A typographical error made us say last week that there were 569 Democratic votes in the county when it should have been 769 and the recent primary swelled this number quite considerably.

Mrs. Shelt Hall, of Little Creek, is visiting her daughter, Mrs. Harvey Carr. Though quite an old lady, and living all her life on Hardwick's creek, this is Mrs. Hall's second visit to Clay City.

The first frost of any consequence visited us Saturday and Sunday mornings. It being so dry it did but little damage. It seemed to us that we never knew the cold to do so little damage to vegetation at such a late date before.

Luther Hamilton and wife, of Mt. Sterling, were guests of Mr. Hamilton's uncle, G. W. Wells, last week, and while there Mrs. Hamilton was taken very sick, but is much better at present, under the careful treatment of Dr. Littlepage.

TO CURE A COLD IN ONE DAY.
Take LAXATIVE BROMO QUININE Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Johnny King, who was injured at the planing mill last week, mention of which was made in our last issue is improving nicely. At first it was thought he could not live, but his physician, Dr. Irvin, now thinks he will recover, though very badly injured.

True to the Minute
is the way your watch should keep time. If it doesn't it "needs fixing." You should take it to W. T. Webb at once and have him repair it for you. A guarantee of one year goes with all work.

Need More Houses.
There is a scarcity of houses in our town which shows that we are on the improve, says an observing citizen.

Several small cottage houses could be built and rented at a good figure. Here is a chance for some enterprising citizens. Build them now and be ready, for with the completion of our flour mill, the canning factory, and some other industries that could be located here, we will need more people in our town and they must have houses to live in.

Taken for a Burglar.
Eli Collins, who was recently pardoned from the penitentiary by Gov. Thorne, went to his home in Letcher county. He was thought to be a burglar by his wife, who had not seen him for twenty years, all of which time he had spent in prison. Two of his sons, who were little fellows when he was convicted for the murder of John Gibson and sentenced for life, have since married. His wife has labored all these years for his pardon and is overjoyed. Collins is sixty years old and decrepit on account of his long confinement.—EX.

ON THE INCREASE.

World's Fair Travel Getting Heavier.

While the volume of travel to St. Louis on account of the World's Fair has not quite come up to the expectations of the World's Fair management, or the railroad's it has been as large as was expected, all things considered.

The banner months, so far as attendance is concerned, will be September, October and November, and during these three months the admission will undoubtedly equal, if not surpass, the entire number registered up to August 31st inclusive.

It is certainly a big, grand show and one that no person with the means should miss. It is the opportunity of a life time in an educational way and one that will be taken advantage of by the great majority of the people of America before its close. It is an attraction that all Americans are proud of, and justly so.

On account of its unexcelled train service, both as regards equipment and accommodations, the Louisville, Henderson & St. Louis Railway, better known as the Henderson Route, has carried the majority of Kentuckians to St. Louis and have beyond a doubt been more instrumental in contributing to the success of the Fair than any other railroad in this territory.

The Henderson Route is justly entitled to all the praise that is being showered on them, as their train service is unquestionably the finest operated in or out of Kentucky, and their schedule of trains is more nearly maintained than on the majority of roads.

For comfort in travel and for the best accommodations safest train schedules there's but one thing to at all times keep in mind—get the Henderson Route habit—and request this routing in purchasing your tickets.

THE NEW IDEA WOMAN'S MAGAZINE

For November

From an article on "Evening Dresses" in the NEW IDEA WOMAN'S MAGAZINE for November, it appears that dinner and reception gowns especially are to be very elaborate this season, following the general trend of fashion. A number of pretty cuts also show the latest designs in the ubiquitous "stock". "Perdita" continues her little solutions in household economies, this month setting forth her idea of how the best can be got out of \$1,500 income when living in a New York apartment house; and several columns are devoted to definite directions for preparing each item of the Thanksgiving dinner, from the turkey stuffing to the pumpkin pie. There are two short stories of Cupid's cases, one centered in a New artist's studio and the other in a shrewd, good little country widow's parlor. Some views illustrating "A Bit of Holland in the Tropics" show a very attractive side Curacao in the Dutch West Indies, and a review that brings back tender memories is that of Jennette Younge on "Your Childhood's Garden". Articles on Child Development, Business Life, Flower Culture, Social Settlements, etc., etc., make up a very readable number.
